J. W. LANG, *Treasurer.*

SCHOOL REPORT.

FELLOW CITIZENS :

Your Committee, to whom was submitted the care of the schools, report: We consider you have been favored with an unusually good corps of teachers during the past year. The retention of previously tried teachers seems to us especially to deserve commendation. You have paid out no money which will bring you in such dividends as that expended in this direction. We bespeak more frequent visits to the schools on the part of the parents; this is indispensable to the best interests of the schools.

Small districts and short terms are a bane to us yet. We urge consolidation. The matter of carrying scholars longer distances must be surmounted, and not stand in the way of consolidation. It will have to be done and the expense will not be increased, but lessened. We demand that Prudential Committees, in the future, present their candidates for examination at least two weeks before the term shall begin. Teachers must not be hurried into the schools.

A change has been made in readers—taking *Monroe's* instead of *Willson's*. We recommend that the change be made complete throughout the town another year. Nothing is so poorly done as *reading*; it must be brought on.

We suggest that advanced scholars in the districts ought to be encouraged and allowed to attend the High School instituted in your town. We suggest it is wrong that no more space is given to a printed report; such a town as Meredith ought to have a report of twenty pages. The Committee are pained to reduce the report of many of our best teachers to so small limits; they deserve larger mention in your annual representation. We sug-

gest besides, that citizens must attend to the *primary* meetings ; nothing is of more importance than the selection of a judicious and capable Prudential Committee.

It is the opinion of your Committee that a Town Board should be elected who should have the control of the schools, the designation of teachers to districts, and even the change of teachers from one district to another. Such a course would have insured better results, in some instances, the past year. It is our opinion the Town District must come.

DISTRICTS NO. 1 AND 2.

Term of five weeks in summer, taught by Betsey R. Potter, of Gilford, an experienced and successful teacher—without sufficient time to realize large results.

The winter term, under Frances A. Plumer, of Alexandria, was fully attended through the twelve weeks it lasted—decidedly one of the very first schools of the year. Attendance remarkably good for such a winter. Miss P. fully justified her previous good report in our town.

DISTRICT NO. 3.

Summer term, Miss E. A. Doe, of Laconia. One of our well-known and most successful teachers. Winter, Annie I. Moulton, of Sandwich. A teacher new to our schools, but one who ought to be retained, if possible ; putting this school in the very front rank. Mr. David Gilman, Prudential Committee, worked well to get a change of readers—the whole school was furnished.

DISTRICT NO. 4.

Miss Elbra M. Bedee, teacher here last year, was engaged for this. Her classes embraced some of the most advanced pupils in town. This school has some of the best minds. Under a *Town District* the most advanced would enjoy the privilege of a High Department at small expense. No district would be more benefitted by the arrangement than this.

DISTRICT NO. 5.

Divided into three departments. Miss E. F. Fellows, who was so successful last year, was rightly retained for this; the school making marked progress under her care.

S. Kate Smith, of Meredith, entered the second department at the beginning of the year, and fully succeeded in sustaining the high character this department had attained the last year.

The higher department was under the charge of Hon. Daniel H. Bedee, of Sandwich, who, during this term and the preceeding and succeeding sessions of our High School, brings to us all that learning and ability for which he has long been known. Many valuable changes, and much positive advancement have been secured. Closing exercises were well attended, but citizens should attend more. This District has material for two departments and a half. The town should supply the other half department by sending our most advanced scholars. When we get the *Town District* the way will be opened still further for this; till then, let our citizens sustain the High School by sending in their scholars on their own responsibility.

DISTRICT NO. 6.

Summer, Emma W. Cox, a graduate of the State Normal School; bringing to this school the positive advantages of *Normal Instruction* and much previous experience.

Winter, Mr. Simeon Wadleigh, known years ago as a very successful teacher, was persuaded to take this school. He met with hinderances to discipline which no teacher ought to be subjected to, and which will probably be removed in time to come. The conscientious and pains-taking care he gave the school will not fail of their due result.

DISTRICT NO. 7.

United with Laconia. Summer term, Mary F. Tuttle, of Meredith. Miss T. has a happy way of making the school-room attractive, and attaching the pupils to herself. The order

was very good, and the school in every respect profitable.

Miss Tuttle also began the winter term, but, owing to sickness, was obliged to give it up. Mrs. E. T. Wadleigh succeeded her—an experienced and successful teacher. The school under her care making good progress.

DISTRICT NO. 8.

Hattie J. Hoyt, of Meredith, taught both Summer and Winter terms, and a private term besides. Her Normal training and previous experience and natural fitness conspired to give the school a high character. The District appreciate this.

Mr. S. D. Pease, the Prudential Committee, worked well for the school, and the large attendance of friends in the District, on the examination, was an example I wish was more widely followed.

DISTRICTS NO. 9 AND 10—UNITED.

Summer term, Miss Alida Quimby, of Meredith. The union of the districts made the work of government more difficult at first, but Miss Quimby succeeded very well, and the scholars made good improvement in their studies.

Winter term, Mrs. A. E. Cram, of Meredith. Order—good; attendance regular, and school successful.

DISTRICT NO. 11.

Miss Cinda J. Cram, of New Hampton. Miss Cram is very quiet in her way, but earnest and faithful. Scholars studious and learned well.

DISTRICT NO. 12.

Summer term, Mrs. A. E. Cram, of Meredith. Mrs. Cram proved herself to be a good, thorough and successful teacher.—Scholars were orderly and learned well.

Winter term, Martha F. Emmons, of Bristol. An excellent teacher, securing excellent progress.

DISTRICT NO. 13.

Mrs. Christie J. Swain, of Meredith. A teacher deeply interested in her pupils, as they were in her; making a school every-way profitable and satisfactory.

DISTRICT NO. 15.

Helen A. V. Robinson, of Meredith. This was Miss Robinson's first effort. She succeeded well in teaching, and the scholars in learning.

DISTRICT NO. 16.

Miss Alice Woodman, of Sanbornton. The order was excellent; the instruction thorough, and the scholars learned well.

DISTRICT NO. 17.

Hattie E. A. Emery, of New Hampton. Considering her years and inexperience in teaching, Miss Emery succeeded very well. Some of the pupils made decided improvement. Chas. F. Robinson, only eight years of age, made remarkable progress in the study of Quackenbos' small Grammar.

G. I. BARD,
M. A. QUIMBY, } *Superintending Committee.*

STATISTICAL TABLE.

Number of District.	Summer Term.	Winter Term.	Names of Teachers.	Number of weeks.	Number of Scholars.	Average attendance.	Money appropriated.	Average to each scholar.	Number tardy.	Dismissals.
